Professional Summary

Full-stack developer with strong backend fundamentals and practical experience building scalable web and mobile applications. Focuses on creating smooth and easy-to-use digital experiences through clear design and reliable development. Skilled in building automation tools, interactive features, and using AI where it improves functionality. Values clean code, real-world problem solving, and building products that are genuinely useful.

Education

Bachelor of Technology (AI & ML) <i>Newton School of Technology (ADYPU), Pune</i>	2024 – 2028
Intermediate (Class XII) <i>GIC Inter College, Raebareli</i>	2023 – 2024
Matriculation (Class X) <i>Durga Intermediate College, Raebareli</i>	2021 – 2022

Projects

Success Mantra Institute – Full-Stack Coaching Website (GitHub) (Demo) JAN 2026

- Built a **coaching portal** using **React/Node.js** with a **LLaMA 3.3 AI Tutor** for bilingual doubt solving.
- Managed **45+ students** and **4+ contests** using **Promise.all** for a real-time, fast-loading dashboard.
- Fixed critical **Excel parsing bugs** for **13+ participants**, ensuring **100% data accuracy** during live tests.

Zappify (GitHub) (Demo) March 2026

- Developed a **cross-platform e-commerce app** in React 19 and React Native with a seamless 3-step checkout.
- Built a **secure backend API** using Node.js, Express, and MongoDB with JWT and Google OAuth authentication.
- Managed application state via **Context API** and automated **CI/CD pipelines** using GitHub Actions and Docker.

Certifications

AI For Everyone – DeepLearning.AI (Link) Oct 2025

- Learned core **AI concepts, applications, and ethical considerations**.
- Gained understanding of **real-world AI use cases**.

Skills

Computer Languages: SQL, JavaScript, CSS, HTML, TypeScript, Python

Software Packages: MongoDB, MySQL, Express JS, Node.js, React, Prisma ORM, React Native, Figma

Soft Skills: Communication, Critical Thinking, Creativity, Time Management

Others: Git and GitHub

Extra-Curricular Activities

- **Open Source:** Merged fix in **pnpm (#11054)** and delivered **6 accepted PRs** in **Hacktoberfest 2025**.
- **E-Sports:** Managed college tournaments for **100+ participants** with registrations and live brackets.
- **Collaboration:** Actively involved in **open-source contributions** and developer community projects.
